Subject: FW: OPA Special Edition Clips - Westlake Landfill

Solid coverage of our announcements. CT: keep supplying COE info needed and give us a priority list next week of pre-construction activities that we can focus the parties on and that I can share with the public soon. DH: make sure parties understand action will be directed very soon on this list. Update us next week about status of order.

CC: keep COE OPA posted, and let us know if Col Hall feels open to joining me and the AG.

tx

St. Louis Public Radio - EPA To Contract With Army Corps To Build Fire Break At Bridgeton Landfill - 3/21/14 - The U.S. Environmental Protection Agency says it is contracting with the U.S. Army Corps of Engineers to build a fire break to keep an underground fire from reaching radioactive waste at the landfill complex in Bridgeton. <http://news.stlpublicradio.org/post/epa-contract-army-corps-build-fire-break-bridgeton-landfill>

KMOX Radio St. Louis - EPA Responds over West Lake Landfill - 3/21/14 - EPA Regional Administrator Karl Brooks today responded to Missouri Attorney General Kris Koster regarding the West Lake Landfill. In his letter, Brooks says that the State of Missouri and the Environmental Protection Agency are working together to keep holding the responsible parties to their duties. <http://stlouis.cbslocal.com/2014/03/21/epa-responds-over-west-lake-landfill/>

St. Louis Post-Dispatch - Army Corps of Engineers to work on burning Bridgeton Landfill - 3/21/14 - The U.S. Army Corps of Engineers will help construct an isolation barrier between an underground fire at the Bridgeton Landfill and radioactive materials in the adjacent West Lake Landfill, according to the Environmental Protection Agency. http://www.stltoday.com/news/local/metro/army-corps-of-engineers-to-work-on-burning-bridgeton-landfill/article_c914db0e-0ee4-50ca-a7a2-53c565df2286.html

Associated Press - EPA leader says agency moving forward on concerns at troubled St. Louis Co. landfill - 3/21/14 - The regional head of the Environmental Protection Agency is assuring Missouri's attorney general that progress is being made at a St. Louis County landfill, where underground smoldering is just a few hundred feet from buried nuclear waste. <http://www.therepublic.com/w/MO--Bridgeton-Landfill>
